

PULSE JET HEAVY DUTY DUST EXTRACTOR

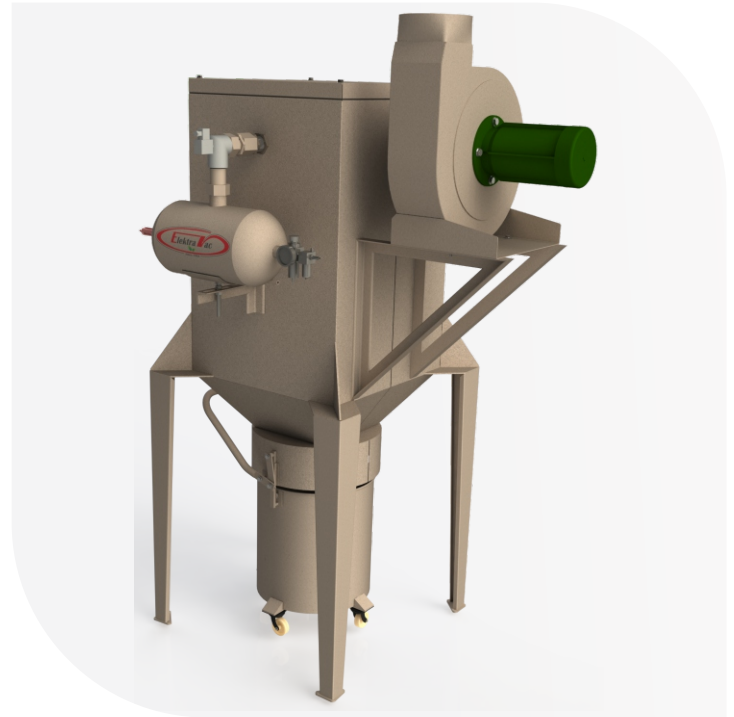

Whenever in your environment you need to get rid of dust or other particles that may be harmful “Elektra Vac” Dust Extractor creates dust free healthy work environment. The simplest, most economical & most effective solution to your dust problem

Our new vacuum Dust Extractor with high airflow have been developed specially on wood working industries, tool & pharmaceutical packaging machines with multiple points & other companies manufacturing & handling bulk powers & looking for dust control solution & systems.

A major benefit of Hafi Dust Extractors is easily handling, cleaning the filter by pulse jet with timer set in control panel.

The collection container can be accessed quickly for easy removal & if the container is too heavy to carry, wheel it away !

Dust Extractor System works on the basic principle of capture, convey & collect. Hafi elektra has the resources & capabilities to develop, custom design special Dust Extractors system together with hood to ensure that the project is successful with quality, efficiency & safety.

MODEL	HE 300 (DE)	HE 600 (DE)
TYPE	CENTRIFUGAL FAN	CENTRIFUGAL FAN
AIR FLOW	3300 CMH $\pm 10\%$	6500 CMH $\pm 10\%$
VACUUM	260 MM .WG $\pm 10\%$	180 MM .WG $\pm 10\%$
SUCTION HOSE	100/125/150 MM DIA	150/200/250 MM DIA
MOTOR	3 HP / 3 PHASE / 415 V / 50 HZ	7.5 HP / 3 PHASE / 415 V / 50 HZ
DRIVE	DIRECT	DIRECT
FAN SPEED	3000 RPM	3000 RPM
IMPELLER	DYNAMICALLY BALANCED	DYNAMICALLY BALANCED
FILTERS	FINE FILTER CARTIRDGE	FINE FILTER CARTIRDGE
CONTAINER	65 LTRS	65 LTRS
COMPRESSED AIR	4 TO 6 BAR	4 TO 6 BAR

Note : Our policy is one of continuous improvement & we reserve the right to change the design & specifications without prior notice.
